**VIII. COMMITTEE REPORTS**

- 1. BOARDS AND COMMISSIONS –** No Report

## 2. STANDING COMMITTEES

**STRAY ANIMAL ROUND-UP (SARU)** – Mayor McDonald caught three (3) dogs this morning. He called Guam Animals In Need (GAIN) and was informed they are not accepting dogs because it's full and added that GAIN has done this for over a year already and we are not getting any better and there are a lot of dogs roaming the streets and attacking kids again and school is opening and it's going to get worse.

Vice Mayor Peter John Benavente said, "That with the amount of stray animal dogs throughout the different villages on the island, there's no real concrete solution on how we're going to bring these dogs up. He added that school is right around the corner. Many residents have kids who walk to school and there are a bunch of dogs. We're trying our best as mayors and vice mayors throughout the villages on the island to catch these dogs but let alone when we call GAIN or Mayor Paco to see if we can go to GAIN they're loaded."

Chairman, Mayor Rudy Paco responded that both Mayor McDonald and Ernest Chargualaf called him this morning. He said, "GAIN does not have no room for the dogs and having to store them at mayors' offices we are not running a kennel business. There is a meeting at 2 pm today with Arlene from GAIN at his office."

*President* expressed that the Council had been talking to the administration about infusing more money into animal control to provide more shelters. He will continue to have conversations with the Legislature and the administration about GAIN's capacity and animal control. He said, "The ultimate goal is to eventually transfer all of animal control responsibilities to animal control because after all, it's their responsibility. The executive director and I did meet with Senator Joe San Agustin and that was one of the issues is when you are looking at our operations sometimes you have to consider that we have to do what we are mandated and animal control is not part of our mandate and if it's an animal control issue it needs to be handled by animal control and not the mayor's office."

Vice Mayor Benavente expressed coming up with a solution similar to depredation. *President* commented that there is depredation permit applications to apply for at Dept. of Agriculture.

*President* communicated, "To use the citation as a tool to correct the problem then that is a start. It is a service and benefits the community then that is where our focus should be."

## IX. UNFINISHED BUSINESS

**1. RELAY FOR LIFE TEAM MCOG** – *President* expressed that the Council has to contribute to the team in order to be represented under Team GovGuam. Team Captain, Mayor Louise Rivera reported that the Council's goal is \$5,000. At the Team Captains meeting, they are asking \$20 per employee. Council t-shirts are \$25 each. Fundraising social is scheduled for Friday, August 20 at 6:30 p.m. at Gudtaym Lounge in Tamuning and donation is \$10 per person. Tickets are readily available for all Districts.

Eight (8) Districts have submitted their *Village Display and Tour* forms. The American Cancer Society hoped for all nineteen (19) Districts' participation. See Mayor Rivera for the forms. ARC had extended their deadline.

ARC extended the deadline for the purchase of luminarias for the white and gold bags to Friday, August 6 and for online is August 12. White bags are \$15 and gold bags are \$25. Additional \$10 to include a dedication for the video production. The display is at the Phoenix Center the whole month of September.

**Mayor Melissa Savares made a motion that if Council does not reach the goal of \$5,000 to take out the difference from the *Revolving Fund Dues* and seconded by Vice Mayor Jessie Bautista.** In discussion, Mayor Jessy Gogue said to consider a date to meet the goal. **Mayor Savares made an amendment to the motion that the *Revolving Fund Dues* will pay the balance on the deadline to submit to Team GovGuam. No further discussions or objections. The motion carried.**

The campaign will be on going until November.

## X. NEW BUSINESS –

**1. P.L. 34-130 RELATIVE TO AUTHORIZING MAYORS TO OFFER VETERAN STATUS DATA ON VERIFICATION OF RESIDENCY FORMS** – *President* asked that mayors figure out how to include veteran status in their verification form and reminded that the law also required their DD 214 form or other proof of veteran status as a qualifying document. *President* will send a monthly report form so that all the mayors' offices have the same form to submit to the Office of Veteran Affairs. The form would be completed electronically and transmitted to Veteran Affairs.

**2. MAYORS' VERIFICATION** – *President* reported there are three (3) ways Dept. of Revenue & Taxation would accept the All Rise applications. The first is, complete applications with mayors' verifications. The second is, complete applications with only the mayors' verifications pending. The third is incomplete applications. *President* expressed working together to ensure residents get their verifications easily and efficiently.

Mayors have different verification forms with different standard operating procedures. *President* said he had communicated with Lt. Gov. Joshua Tenorio on working to get a standardized system for verifications. Mayor Paul McDonald said he is in favor of a standardized process and once it is achieved, the Body should adopt it.

**3. MCOG LABOR DAY FAMILY PICNIC** – *President* expressed that there would be two (2) options. Discussed at the Officers' meeting, the first would be at Ypao beach or the water park at Onward Beach Resort and it would be catered from the *Revolving Fund account*. *Vice President*, Mayor Robert Hofmann will send out a survey to the 19 villages who would be participating and how many attendees. *President* asked that Districts respond to the survey so that is could be planned accordingly. The Body agreed to have the picnic on Monday.

**4. MCOG CHRISTMAS PARTY** – Vice Mayor Kevin Delgado volunteered to chair. *President* asked that he put together a committee.
